

City of La Crosse Neighborhood Revitalization Commission
400 La Crosse St.
La Crosse, Wisconsin 54601

January 26, 2017

Dear Neighborhood Business Leaders,

As part of the city efforts to help improve and maintain public and private areas within the city of La Crosse the commissioners, many of whom are neighborhood leaders, would like to extend our gratitude for your efforts in making the city of La Crosse a great place to live, work and visit. We would also like to extend an invite you to get involved with the neighborhood association in your area. We believe that that input from you is essential in the vibrancy and sustainability of our neighborhoods. We need each other in order to maintain a great quality of life.

Some of the benefits of involvement in your neighborhood association include; connecting with people, visibility, marketing, sharing ideas, making personal connections, voicing concerns, having a more direct voice in city decisions, offering support, networking and most importantly – improving and maintaining the city of La Crosse.

We invite you to check on the city website at cityoflacrosse.org to see if your business is in one on the city recognized neighborhood associations. Just enter departments in the search bar, then click on Planning, then click on neighborhoods and lastly, select the neighborhood you would like to research. The site also includes a map and the associated Common Council representatives included in that particular neighborhood.

The Planning Department will update and revise the neighborhood area of their website so that more information and current information is available to the public. Please check it out and attend a meeting.

Together we can make a difference. Together we can improve the lives of each other through our mutual interest in preserving and improving this great city.

Respectfully,

Neighborhood Revitalization Commission
