

# Department of Police

RONALD J. TISCHER, CHIEF

## Authorization for Police Radio Frequency/Channel Access

The La Crosse Police Department hereby authorizes Baycom to program the City of La Crosse Police encrypted radio talkgroups on the below listed devices which are owned by the below listed organization/department. This authorization has been approved by the City of La Crosse Board of Public Works and the City of La Crosse Information Services Department.

This authorization can be revoked at any time as determined by the Chief of Police or Director of IT.

The below listed devices are the only devices authorized by this form to access the City of La Crosse Police radio talkgroups and encryption keys. All radios allowed access to the City of La Crosse radio network shall have the radio inhibit feature programmed into the radio.
