To whom it may concern,

I am an entrepreneur who has recently open up a new food truck. I am looking to build my consumer audience in the La Crosse area and would like the opportunity to utilize Cameron Park and Riverside Park in order to do so. I believe with the attraction of my food truck it will bring popularity, diversity, and future growth to other local businesses as well as the parks. I am excited and thrilled to start up this life long dream of mine and can't wait to build professional realtionships with local businesses and the community.

I look forward in discussing this exciting opportunity with you at any time, my contact information is included below.

Thank you,
