The La Crosse Boat Harbor Neighborhood Association would like to speak at the June, 2018, Park Board Meeting.

We want to give the Park Board an update on the Marina since it has been operational for over a month.

We also want to discuss our continued safety concerns regarding emergency situations with boats that may arise.

Since the City of La Crosse has evicted Rick Clemment from his workshop area there is a need to have a plan in place in case of an emergency. We want to discuss Rick being able to keep his tractor and trailer in the winter/summer outdoor storage area until his situation and ownership of the building is resolved.

This will enable a quick response to any type of situation. Allowing this remedy does not involve the legal issues surrounding the ownership of pole barn work area. It only involves the safety of all boaters and customers of the La Crosse Municipal Boat Harbor.

Thank you,

Sally Newman
