Re. Boathouse historic designation.

Dear Jason-

As we discussed on the phone today and as I discussed with Tim Acklin last month, I would like to move forward with designation of our boathouse, Pettibone H6, as an historic structure.

Our boathouse, as with all boathouses in the City of La Crosse, are considered historical structures and have a long and storied history, playing an important role in La Crosse' history. Although many are designated as historical, I've come to learn that not all of the boathouses have gone through the process of being officially designated as historical.

This historic designation will allow us to make the necessary repairs and maintenance that is required.

Thank you,

Joe Katchever & Tami Plourde
Pettibone H6
