\$1500	Crane lifting to remove and install in new location (2 separate lifting occasions)
\$1500	Sandblasting
\$2000	Paint (primer, 10 topcoat colors at over \$100 per gallon), solvents, cleaning agents, applicators, studio/shop materials/supplies, shop fee etc.
\$11,000	Estimated Total Time for planning, 2 days handling removal and install, moving from site to sandblaster to studio/shop and to new site, surface cleaning and preparing metal for a POLYCHROME finish
<hr/>	
\$16,000	Total quote for POLYCHROME refurbish and relocation

In summation, the quote for a Polychrome refurbish will take significantly longer to paint, as well as necessitate more materials. The Monochrome refurbish will take significantly less time and resources, hence the vast difference in quotes. Thank you for your time, I look forward to working with you on the Dancers Sculpture.

Sincerely,

Luke Achterberg, MFA
