The La Crosse County Historical Society is requesting permission to install a pad of concrete across the boulevard in front of our house museum, Historic Hixon House.

Historic Hixon House is located at 429 7th St. North. In the course of a year tour buses unload hundred of visitors on 7th Street, directly in front of the house. Many of them are elderly and have a difficult time with the uneven ground on the boulevard. We would like to extend the concrete walk that leads up to the house steps so that it creates an even surface from the curb to the sidewalk, and all the way up to the porch steps.

I would be happy to answer any questions the Board may have.

Thank you very much,

Peggy Derrick
Executive Director

Hixon House, with the location marked for the requested concrete pad.
