RE: 604 2nd St. LaCrosse – Request for Exception to Standard for Commercial Design

To Whom It May Concern:

First Supply and it's employees and ownership, supports Trueline's request for the above referenced request for exception to standard for commercial design.

Trueline has extensively invested and improved their properties in this neighborhood and have been an excellent manufacturer and neighbor. They have exceed all expectations in many regards including maintenance and building visual image.

Trueline has shared with us what they are proposing and believe their plans are more than appropriate for the area where the building is located.

As a community, we should continue to encourage the kind of investment Trueline has been making into our community and do whatever we can do to support them.

If you have any questions, please let us know and we would be happy to assist.
