

MEMORANDUM

September 17, 2020

To: Jack Zabrowski
Organization: City of La Crosse
From: Sonia Haeckel
Project: City of La Crosse Safe Routes to School Update

Re: Demonstration Projects

This memorandum accompanies the engineering layout sheets for both demonstration projects, and provides more detail about the quantities of materials needed for both projects.

Northside Elementary/Coulee Montessori (Sheets 1 and 2)

This demonstration project will provide temporary curb extensions and pedestrian islands at Northside Elementary School/Coulee Montessori.

Sheet 1 (Gillette Street at Charles Street):

City of La Crosse to Provide	Toole Design to Provide
12 traffic drums	Chalk and supplies to paint edge line Ø Parking Here to Corner → (2) signs Ø Parking Here to Corner ← (1) signs

Sheet 2 (Gillette Street at Kane Street):

City of La Crosse to Provide	Toole Design to Provide
6 traffic drums	Chalk and supplies to paint edge line Ø Parking Here to Corner → (1) sign

8th Street Neighborhood Greenway (Sheets 3-7)

This demonstration project will provide a neighborhood greenway along 8th Street South between Cass Street and Adams Street (see map and table), a stretch of 7 blocks. The neighborhood greenway will include the following features:

- Temporary shared lane markings (1 per block each direction)
- Temporary Neighborhood Greenway signs (1 per block each direction)

The shared lane markings and temporary signs are not included on layouts. The quantities needed are below:

Length of Greenway (No Layout Sheet Provided)

City of La Crosse to Provide	Toole Design to Provide
1 shared-lane marking stencil	Chalk and supplies to paint shared lane marking 14 temporary "Neighborhood Greenway" signs

Sheet 3 (Charles Street Crosswalk):

City of La Crosse to Provide	Toole Design to Provide
12 traffic drums	Chalk and supplies to paint edge line 120' straw waddle 6 bottles of tempura paint and 6 brushes (Optional)

Sheet 4 (Kane Street Crosswalk):

City of La Crosse to Provide	Toole Design to Provide
12 traffic drums	Chalk and supplies to paint edge line 120' straw wattle 6 bottles of tempura paint and 6 brushes (Optional)

Sheet 5 (8th Street at Ferry Street):

City of La Crosse to Provide	Toole Design to Provide
24 traffic drums	Chalk and supplies to paint edge line 220' of straw waddle 12 bottles of tempura paint and 12 brushes (Optional)

Sheet 6 (8th Street at Market Street):

City of La Crosse to Provide	Toole Design to Provide
22 traffic drums	Chalk and supplies to paint edge line 4 temporary “Ø Parking Here to Corner →” signs 3 temporary “Ø Parking Here to Corner ←” signs

Sheet 7 (8th Street at Jackson Street):

City of La Crosse to Provide	Toole Design to Provide
26 traffic drums	Chalk and supplies to paint edge line 280’ of straw wattle 12 bottles of tempura paint and 12 brushes (Optional)

Total Quantities Needed (for both Demonstration Projects):

City of La Crosse to Provide	Toole Design to Provide
114 traffic drums 1 shared lane marking stencil	Chalk and supplies to paint edge lines and shared lane markings 500’ of straw wattle 14 temporary “Neighborhood Greenway” signs 8 temporary “Ø Parking Here to Corner →” signs 4 temporary “Ø Parking Here to Corner ←” signs 36 bottles of tempura paint and 36 brushes (Optional)
