Fukuda provided year end report of County grants awarded. The program is intended to incentivize neighborhood redevelopment by providing money for property acquisition, making infill more cost effective and competitive with new development. It started with Powell Poage Hamilton Neighborhood and expanded to the Lower North Depot Neighborhood. The program does not fund houses lower than 2' below the base flood elevation. Expansion to other neighborhoods depends on funding and ability to make a concentrated impact. There is about \$650,000 remaining.
