Advise on Memorial Pool Art - Chau Nguyen

Advice on including art that would be appropriate and meaningful for the public at the pool; request recommendations of who could help assist campaign in evaluating opportunities, feasibility, and helping to identify funding.

Areas for consideration:

1. Interior and exterior walls of bathhouse - previously there were some beloved murals that we have kept!
2. Areas in the landscape (and possibly pool deck)
3. Veterans Memorial Pillars: poppy symbol art (1 pillar) and water symbol art (1 pillar) representations that could be repeated throughout the facility (color scheme, logos, concrete etching, and open to other artistic representations/opportunities); poetry and descriptions on the pillars are also literary art opportunities.
