To the Judiciary & Administration Committee;

I am writing to express my support for Agenda Item 22-1529, the Resolution adopting the City of La Crosse's 2022 Climate Action Plan. I have followed the progress of this plan as it was developed and reviewed the final draft of the document. I think it is very well-thought-out plan that includes an appropriate level of detail that will be very useful for the City moving forward. The proposed goals and actions will not only address the looming climate crisis, but many will also improve the quality of life in our community. I look forward to seeing our community come together to achieve the outlined goals to shape a healthier, more stable future for our city and the greater Coulee Region.

Thank you,

Kathy Allen
