

River Point District
La Crosse, La Crosse County, Wisconsin
**Long Term Stormwater Management
Maintenance Provisions**

SITE NAME

River Point District
La Crosse, WI 54601

PROPERTY LOCATION

The NE ¼ of the NE ¼ of Section 31, Township 16, and Range 7W.
City of La Crosse, La Crosse County, Wisconsin

RESPONSIBLE PARTY

The City of La Crosse and contracting agents are responsible for satisfying the provisions of this agreement during construction and the City shall continue to have responsibility for the long-term maintenance of the stormwater facilities on this site.

PERMANENT COMPONENTS OF THE STORMWATER SYSTEM

The stormwater system consists of the following components:

- Underground Stormwater Treatment Tank
- Backflow Prevention Device
- Underground Stormwater Treatment Tank discharge

INSPECTION AND MAINTENANCE

All components of the stormwater system shall be inspected semiannually in the spring and in the fall and after rainfalls in excess of 4" in 24 hours. Repairs will be made whenever the performance of the stormwater system is compromised.

Sediment will be removed from the underground stormwater treatment tank when the sediment reaches an average depth of 1.5'. All sediment removed from the tank shall be disposed of in accordance with NR 500.

DUTY TO PROVIDE MAINTENANCE

It is the responsibility of the City of La Crosse to maintain inspection and maintenance records.

SIGNATURES

The undersigned agree to the provision set forth in this agreement.
