Hello All,

At the request of CM Richmond, attached is a list of signatories to a Change.org petition that includes current and former La Crosse residents. The petition calls on the City Council to “Repurpose Fire Station No. 4” not destroy it. This petition was primarily shared with the Facebook group “You might be from La Crosse if...”, a group for reminiscing times past. As such, many of the signers are former residents, but at least 160 are current La Crosse residents.

I’ve never created or shared a Change.org petition. Even though I’m the primary author and the first name on the list, it shows my address only as “US”, but I live at 1107 Caledonia Street, so would I count? A colleague on PAL was listed as living in Minneapolis for some reason, even though she lives in La Crosse. My friend, UWL Professor Ariel Beaujot, has been stuck working from her family home in Canada even though she lives in La Crosse. I think all of their voices deserve consideration.

The primary goal of the petition was to raise awareness among the public and to dramatize the issue. Hundreds of current residents signed, but even if only 50 signed, those 50 residents should still have agency and their objections to this proposed demolition should have equal consideration.

Thank you.
