

Resolution authorizing an RFP, selection, and installation of new parking revenue control equipment for the Airport.

RESOLUTION

WHEREAS the Airport desires to upgrade the revenue control equipment in the terminal parking lot to accept automated payments, and

WHEREAS the existing equipment does not have the capability to perform automated transactions, and

WHEREAS customers experience longer than desired wait times while exiting the parking lot due to capacity constraints, and

WHEREAS the new equipment will increase customer service, enhance service options, and allow for full automation of the parking lots.

NOW THEREFORE BE IT RESOLVED by the Common Council of the City of La Crosse that it hereby authorizes the Airport Manager to develop an RFP, advertise, evaluate, and return recommendations to the Aviation Board for the selection and purchase of an automated revenue control system for the terminal parking lot.

BE IT FURTHER RESOLVED that is hereby appropriated and approved for expenditure up to \$275,000 from Airport funds.

BE IT FURTHER RESOLVED that the Airport Manager, City Engineer, and Finance Director are authorized to take all necessary steps to effectuate said resolution
