

Petition to stop all efforts to install a roundabout at 7th and Cass Street

We the undersigned city of La Crosse residents, do hereby respectfully petition the Common Council to stop any further action that would lead to establishment of a roundabout at 7th and Cass Street. The loss of approximately \$29,000 per year in taxes due to removal of properties from the tax rolls and the cost of acquisition of same properties and the cost of road reconstruction make the project an unwise use of taxpayer funds.
