 Alley 6

Feb. 27, 2015

This letter is regarding the improvement letter from Common Council through the city.

When the person came to have signatures on petition to say the improvement of alley was needed I signed the paper. But I was not aware I would be responsible to pay for it.

I am not in need of the alley to be paved because my garage is in front of the house.

I object to the needed improvement to the alley.

We live on a fixed income and cannot afford to pay to have the alley paved.

Thank you

Gene Whitewater
