January 9, 2020

To Potential Sponsors of the La Crosse Bike Share Program:

The Committee on Transit and Active Transportation (CTAT) is the advocacy and project review committee for the La Crosse Area Planning Committee (LAPC)—the metropolitan planning organization for the La Crosse, WI and La Crescent, MN urbanized area—for activities related to transit, walking, and biking in the region.

The CTAT works to implement the goals, objectives, and recommendations of the LAPC metropolitan transportation plan by supporting and promoting projects that can reduce traffic congestion, improve safety and access to services, provide multimodal connections, and enhance quality of life through travel options other than driving.

As a project that fits well into the purpose of the CTAT, the committee is excited to endorse the efforts of La Crosse Neighborhoods, Inc. to develop and implement a bike share program in the city of La Crosse.

Sincerely,

Committee on Transit and Active Transportation
Peter Fletcher, Executive Director, LAPC
