

Grizzly's Wood-Fired Grill

3039 Medco Ct

La Crosse, WI 54601

To whom it may concern:

I am requesting an amendment to our current Class B Beer Garden license. We are moving our patio space from the North side of the building to the South side. The estimated square footage will be 1140 which is approximately the current square footage for our existing patio space. Due to recommendations from sewage and plumbing departments we will be installing a 1000 gallon grease interceptor to comply with city ordinances. The suggested grease trap will be located in the middle of our current patio.

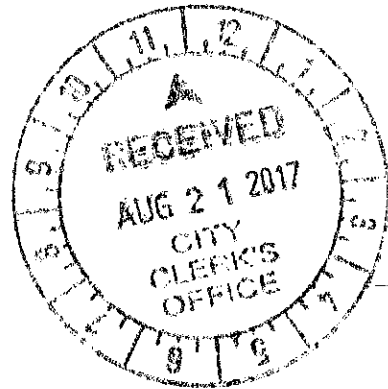

*We will be closing for a remodel around mid October 2017
Re-opening early November. We are doing a face lift
inside.*

Randy Wigdal

Owner/General Manager
