Yes No

3. Describe the purpose of exterior changes.

Supply, deliver and install three (3) signs and one (1) information display to the exterior of the Hixon House Admissions & Gift Shop building located at above address. The signs are meant to help direct visitors as to where the Admissions & Gift Shop are located and to assist where to park vehicles on the property. The small information box will give the administrator of the admissions an exterior display case to post events, times and dates of museum tours and other museum related news.

4. Describe how the historical attributes of the structure or building will be preserved.

All of the signs and display case will be fastened to the building using stainless steel screws to prevent rusting. If the signs would have to ever come down or be completely removed from the building, simple wood filler in the screw holes and touch up paint will hide any imperfections left behind from the signs.
