Dear Mayor Tim Kabat,

I would like to buy lot 26 in LaCrosse's International Business Park to build a facility to operate DeBoer Pest Control from.

I have been in the pest control business for 23 years. Currently I have an office and shed at separate locations in Onalaska.

I am in a strong financial position to build a facility that meets the Business Park Covenants and also meets my needs.

Please call me in the near future to discuss how we can move this process forward.

I have been in contact with Amy Peterson from the Planning Department.

Sincerely,

James DeBoer
