FOR EACH MAJOR PROGRAM AND ON INTERNAL CONTROL
OVER COMPLIANCE AND SCHEDULES OF EXPENDITURES OF
FEDERAL AND STATE AWARDS AS REQUIRED BY
THE UNIFORM GUIDANCE, FEDERAL AVIATION ADMINISTRATION,
AND STATE SINGLE AUDIT GUIDELINES**

To the Common Council
City of La Crosse, Wisconsin

Report on Compliance for Each Major Federal, State, and PFC Program

We have audited the City of La Crosse, Wisconsin's ("City") compliance with the types of compliance requirements described in the OMB *Compliance Supplement*, Passenger Facility Charge Audit Guide for Public Agencies, issued by the Federal Aviation Administration ("PFC Guide"), and *State Single Audit Guidelines* issued by the Wisconsin Department of Administration, that could have a direct and material effect on each of the City's major federal and state programs and the passenger facility charge program for the year ended December 31, 2016. The City's major federal and state programs are identified in the summary of auditors' results section of the accompanying schedule of findings and questioned cost.

Management's Responsibility

Management is responsible for compliance with federal statutes, regulations, and the terms and conditions of its federal and state awards applicable to its federal and state programs.

Auditors' Responsibility

Our responsibility is to express an opinion on compliance for each of the City's major federal and state programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States; Title 2 U.S. Code of *Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance), Passenger Facility Charge Audit Guide for Public Agencies, issued by the Federal Aviation Administration, and *State Single Audit Guidelines* issued by the Wisconsin Department of Administration. Those standards, the Uniform Guidance, the PFC Guide, and state guidelines require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal or state program occurred. An audit includes examining, on a test basis, evidence about the City's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal and state program and its passenger facility charge program. Our audit does not provide a legal determination on the City's compliance.

Opinion on Each Major Federal and State Programs and the Passenger Facility Charge Program

In our opinion, the City complied, in all material respects, with the types compliance requirements referred to above that could have a direct and material effect on each of its major federal and state programs and its passenger facility charge program for the year ended December 31, 2016.

Report on Internal Control Over Compliance

The management of the City is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit, we considered the City's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal or state program to determine our auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal or state program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the City's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal or state program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal or state program will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal or state program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the preceding paragraph and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses.

Schedules of Expenditures of Federal and State Awards

We have audited the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of La Crosse, Wisconsin as of and for the year ended December 31, 2016, and have issued our report, thereon, dated July 17, 2017, which contained unmodified opinions on those financial statements. Our audit was performed for the purpose of forming opinions on the financial statements that collectively comprise the City's basic financial statements. The accompanying Schedule of Expenditures of Federal and State Awards, Federal Transit Administration Reconciliation, and Schedule of Passenger Facility Charges Collected and Expended are presented for purposes of additional analysis, as required by the Uniform Guidance, Passenger Facility Charge Audit Guide for Public Agencies, issued by the Federal Aviation Administration, and State Single Audit Guidelines, issued by the Wisconsin Department of Administration, and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

NOTE 1 - Basis of Presentation

The accompanying schedule of expenditures of federal awards includes the federal grant activity of the City of La Crosse, Wisconsin and is presented on the accrual basis of accounting. The information in this schedule is presented in accordance with the requirements of Title 2 U.S. Code of Federal Regulations (CFR) Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance). Therefore, some amounts presented in this schedule may differ from amounts presented in, or used in the presentation of, the financial statements.

NOTE 2 - Summary of Significant Accounting Policies

Expenditures reported on the schedule are reported on the modified accrual basis of accounting. Such expenditures are recognized following the cost principles contained in the Uniform Guidance, wherein certain types of expenditures are not allowable or are limited as to reimbursement. City of La Crosse, Wisconsin has elected not to use the 10-percent de minimis indirect cost rate allowed under the Uniform Guidance.

NOTE 3 - Subrecipients

The City of La Crosse, Wisconsin provided \$384,430 of federal awards to subrecipients during the fiscal year ending December 31, 2016.

Note 4 - Disclosure of Other Forms of Assistance

The City of La Crosse, Wisconsin received no federal awards of non-monetary assistance that are required to be disclosed for the year end December 31, 2016.

The City of La Crosse, Wisconsin had no federal loans or loan guarantees required to be disclosed for the year ended December 31, 2016.
