Thank you. By the way the link letter from Hale Skemp Law is not opening correctly . It looks like the city is not responding to the desires of the community. I read that 200 residents were slammed with this bill. Citizens are going to have to come together and unite, and get people on the board that have a desire to serve the community and listen to the people they serve. Who wants to live in a community when the people are being treated with such disrespect. Looks like they need to reconsider this ordinance and make it reasonable. It looks like the board has denied everyone regardless of their circumstances. Please provide me the names of everyone on the board serving in this capacity as well as the names and addresses of the 200 people who were fined. I would like to invite all those personally who were fined and those who potentially could be next to come together and talk about what is happening in our community. I am out of town until next week Tuesday so please provide information how to zoom or put me on the next one when I return. Thank you so much.
