RE: Invoice #00012966 (See attached.)

We are requesting to be presented in front of the board of public works to dispute the charges on invoice #00012966. We agree that the ramps going from the road to the sidewalk needed to be cleared, however, the tenants currently residing at 1018 Gillette St. had already cleared the entire sidewalk. The images provided by the City of La Crosse representing what the tenants cleared versus what the city cleared are nearly identical. We, nor the tenants, feel this constitutes for the entire area to be cleared and charged by the city. Furthermore, the contractor hired by the City of La Crosse damaged the fence post that was near the sidewalk during this process. This fence post had to be removed due to the damage and now needs to be replaced.
