Hey David,

The reason I am appealing this invoice is I was not provided proper notification that this service would be done to my sidewalk. There was no note, email, letter etc provided to me before the service was done. I also was not aware of the current policy that the city of la crosse has for clearing the public sidewalks within 24 hours of the last snowfall (which I now know and will act accordingly moving forward). Without proper notification, how was I supposed to know that this law was in place. And that the penalty for a law ,that I was not aware of, would be 400 dollars.

Let me know if there is anything else I can do to help with this process.

Thanks

Hi David,

I haven't heard back from you yet on this but was hoping you received my last email to appeal an invoice that I received. I was told by someone in your office to email you to start the process. Please let me know if this is the correct step or if I should be talking to someone else.

Thanks
