I would like to thank the city counsel for putting the Riverside Venue project on hold. I also appreciate the members who responded to my last letter. Since then, I have talked to many city residents who are also opposed to this becoming a venue, that would exclude the general public or visitors to LaCrosse. The building would be a wonderful place for perhaps an art gallery, (such as the one on Main Street, where passengers from the big boats often go), a coffee or ice cream shop which could be enjoyed by all, and benefit businesses in our own community. We see the segways there often and this would be a great place for that as a starting point as well as canoe or kayak rentals. This would be another way to bring our community together, rather than for a Select Few. Barb Heintz Sent from my iPhone
