Nikki, could you please add this letter from my 90 year old mother to the legistar for the public hearing today at 6:00? Thank you!

To the council members and mayor of LaCrosse, My name is Jacqueline Langley and I have been a resident of LaCrosse for 60 years. I am writing this in regards to the land dispute where I helped purchase a mobile home for my granddaughter, Christina LaBeff, and great granddaughter, Natalie LaBeff, at 4801 Rivercrest Drive, to give them a home to feel safe and secure in. This situation that they have been put in the middle of, between the city and the Rivercrest Owners, has been more than disturbing to me. I don't understand how this community can allow this life altering situation to happen for these low income families, who are just trying to manage, as best they can to live in peace. I thought our city prided itself in creating affordable housing and not creating unnecessary and unwarranted evictions. These people are caught in a desperate situation with no options or solutions being offered to help them. Please be mindful that your decisions will directly affect them and the wrong decision could lead to more insecurity and homelessness. I pray that you will open your hearts and minds to options other than displacing them, and do the right thing for them. Thank you! Sincerely and respectfully, Jacqueline Langley
