February 26, 2013

La Crosse Common Council

Ladies/Gentlemen:

The La Crosse Joint Board of Harbor Commissioners passed by unanimous vote the City of La Crosse 2014-2016 three year Statement of Intentions. This proposed schedule of Harbor Improvements includes:

2014	North Side Dock refurbishment (\$94,500 total cost)
2015	Isle La Plume Access Road Improvements (\$525,000 total cost)
2016	Isle La Plume Dock Repairs (\$94,500 total cost)

The 3 year Statement of Intentions are not a commitment to perform a project, but a requirement to potentially apply for Harbor Assistance Funding through the Wisconsin Department of Transportation. We ask that the City Council approve these proposed projects in order to potentially apply for the 80 percent grant match through the WDOT Harbor Assistance Program.

Respectfully,

Marc Schultz, Chair
La Crosse Board of Harbor Commissioners
