# Equipment Replacement Plans

350+ Tagged Assets  
(ongoing project to tag > \$100)

31 Vehicles/Pieces of Equipment

\$60,000/Year  
Equipment/Vehicle Maintenance

- Replacement Planning
  - 20 year strategic replacement plan and 5 year business replacement schedules
  - Inventory of equipment including estimated replacement dates in management information system
  - All equipment is reviewed for need on an annual basis
  - Replacement schedule – remains flexible, replacement is evaluated for need every year during planning process
    - Small vehicles – 10 years
    - Large vehicles – 20 years
    - Specialized Equipment – varies/per manufacturer
    - Tools/Other Equipment – as needed
    - Information Technology – 3-5 years or as needed
  - Replacement funding
    - Vehicles/Larger Equipment – Capital Replacement
      - Federal (AIP)/State (SA)/PFC/CFC/Surplus O&M Funding Sources (NO TAX DOLLARS)
    - Small Equipment/Tools – O&M Replacement
      - Excess budgeted O&M funds as available – usually an end of year purchase depending on staff priorities
  - 2020 funding requests
    - All funding requests utilizing airport sources funds
    - Follows airport strategic and business 20/5 year planning cycle
