RE: Legislation Item #19-0051

Dear Commissioners,

At their January 18, 2019 meeting the Heritage Preservation Commission directed staff to send a letter to the Board of Public Works requesting that Item #19-0051, Historic Lighting Boundary at 10th and Cass Streets, be referred to the Heritage Preservation Commission for review and recommendation prior to any final action by this body.

The Heritage Preservation Commission requested this project in the CIP and, as this project also falls within a locally designated historic district that they have review authority in, they would like to have the opportunity to have the item come before them to provide input into the process.

Their next monthly meeting is Thursday, February 21, 2019 however, the Heritage Preservation Commission is willing to hold a Special Meeting earlier than this date to accommodate the City's design and bidding process.

If you have any questions, please contact me at 789-7391.

Sincerely,

Timothy Acklin, AICP
