Dear Council Members,

I urge you to pass the climate emergency resolution. Recent events--floods, droughts, fires, melting glaciers--show that we have to act now to stop greenhouse gas emissions. This resolution will reiterate our pledge to take action and prepare the way for the city's climate action plan coming later this year. It will show that we are serious about addressing this existential threat. It will connect us to the millions of people who are working to declare a global climate emergency. Please pass this resolution.

La Crosse can choose to be a leader in supporting our planet and climate or a follower, and I hope we can lead together!

Thank you,

Khouri
