Subject: RE: Resolution supporting Clean Energy Choice for Wisconsin

To the City of La Crosse Common Council,

Thank you for contacting me with your resolution calling on the State of Wisconsin to endorse Clean Energy Choice as state policy. It is important to me to have good working relationships with members of our local government so I always appreciate hearing from you.

As you mentioned in your resolution, Wisconsin would greatly benefit from legislation that allows third parties to own energy generation located at customer locations without being regulated as a utility. In a time when our economy is struggling to get back on track, we need to foster competition in the clean energy market. Now that the biennial budget has passed, the Legislature will have the opportunity to debate important legislation like this. I hope that in the coming months my colleagues and I on both sides of the aisle can work together to ensure that Wisconsin continues to move towards sustainability.

Again, thank you for forwarding a copy of your resolution to me. As always, please don't hesitate to contact me if I can be of assistance on any state or legislative issue.

Sincerely,

STEVE DOYLE
State Representative
94th Assembly District
