Council Members,

Agenda item 24-0683 contributes to a long paper trail of bias in favor of a special interest whose bottom line is, just like any other medical corporation, money, not people. As a neighbor to the REACH Center I feel deceived by city elected officials and staff, and this process has not been transparent if not illegal. It is obvious all of these strings are being pulled, and laws changed, for Scenic Bluffs.

The Amendment proposed will have 100 year consequences and would be granted by a runaway council while citizens are on vacation and unable to organize and express themselves. Please be above reproach and slow down this train. If the boat only rocks one way it will capsize.

Please be thoughtful and circumspect. Please play fair and be reasonable. There is no rush. Let's take some precautions before passing agenda item 24-0683 before we approve it. Please make sure you demonstrate no bias.

I worry about the city elections next year. As a progressive, I fear a major conservative backlash and the city will suffer. Please for the sake of being diplomatic and professional, take the summer to vet this statute and its legality.
