David,

My brother, Dennis Kneifl has been shoveling that sidewalk for the last 21 years. We have never had an incident where the sidewalk was not properly cared for before now. Dennis has been shoveling this entire winter. According to the pictures, it looks like some snow had been packed down because of people walking on it, but the majority of the sidewalk was in good condition. The house next-door typically isn't shoveled because nobody lives there. I'm not sure if that was the reason for a complaint.

I wish there would have been a different way of notifying us that the quality of snow removal needed to be addressed.

Thanks.
