Hello,

I am sending this email to express my approval of the recently created Ordinance, File# 23-0673, detailing a proposal for Camping in the La Crosse WI City Parks.

The content of the ordinance details a proposal as to how our local city parks should consider addressing individuals who appear to be living 24/7 in our city parks.

I personally live in an apartment building that sits on King street, directly next to ***Cameron Park***. Over the course of the last three years, I have witnessed a beautiful park transition into an unattractive and filthy area due to the individuals who have decided to call it their home. I am hoping that putting a written guideline in place for how "camping" in a city part should be done. I do not personally feel safe as well, given how disturbing some of the behavior that has been displayed by select individuals who are camping in Cameron Park.

Thank you for your time.
