Re: Request to amend Street Privilege Permit for Buzzard Billy's, 222 Pearl Street.

I am respectfully asking to amend our Street Privilege Permit to allow a total of 9 chairs from the 6 chairs listed on the permit. I was never informed that the permit limited the amount of tables/chairs allowed based on my drawing which was submitted with the application. I have included an amended drawing. As far as I am aware all permit guidelines still would be met by adding these additional 3 chairs. The 3 additional chairs are the same make/manufacturer as the approved chairs (manufacturer's specifications submitted with application). I would like to add an additional table and 2 chairs at a later date.

Thank you.

Sincerely,

Rob Larson  
Managing Partner  
Buzzard Billy's
