- Purchase of property
- Marketing/Advertising
- Inventory/Overhead
- Fees for government approvals, taxes, permits, etc.
- New additions

### **GRANT SELECTION CRITERIA:**

#### **Buy Local**

While not required, it is strongly recommended to hire local contractors and craftsmen to help support and strengthen the local economy.

#### **Applicant Checklist**

Applicants should make sure to have all items in the list below included in order for an application submission to be considered complete.

- Facade Grant Application Form
- Colored, rendered elevations drawing(s) to scale
- Electronic photos with a key plan illustrating existing conditions
- Contractor's Opinion of Probable Cost
- Anticipated construction start and completion date

#### **How To Apply**

- First and foremost an applicant must define the scope of work to be done. This will often require retaining the services of an Architect for the "Rendered Elevation(s)" and could also include a Contractor to assist in preparing the "Opinion of Probable Cost."
- Contact Tim Acklin, Planning Administrator, to determine if the building is historic and the design plans need to be reviewed by the Historic Preservation Commission.
- Fill out all requested information on the application form. Please provide current contact information. If there is a question, and we aren't able to get in contact with you it may delay the processing of your application. If an area does not apply to your project simply write "N/A".
- Colored, rendered elevations should be 2-dimensional line drawings with color and notes clarifying materials, finishes. Shadows and other features are optional. Drawings are preferred at 1/4"=1'-0" scale, but 1/8"=1'-0" scale drawings are acceptable for larger buildings. All submitted images may be used by the City at their discretion for advertising and educational purposes. Renderings may be done on any standard paper size.

- Submit electronic photographs depicting the existing condition of the building. Photos illustrating the overall facade(s) as well as detail shots shall be included. (Please keep in mind that photos taken at the same location after project completion will be required prior to final disbursement of funds.)
- Submit one copy of any historic photographs of your building. Photos should list the location of the photograph and the approximate date if available. Please note that not all buildings have historic photos available. Two of the best places to search for historic photos locally are the La Crosse Public Library Archives and the University of Wisconsin – La Crosse Murphy Library Special Collections. If using these resources, please call ahead and inform the staff of the property you wish to research.
- The "Opinion of Probable Cost" may best be compiled by a Contractor or Architect. Costs shall be broken down by discipline, i.e. masonry, carpentry, doors/windows, overhead and profit, etc. This breakdown shall also list the work to be performed, such as masonry may have cleaning, tuckpointing and new masonry installation work all listed under the "masonry" section. A minimum of a 10% construction contingency to help cover unforeseen conditions may also be included.

#### **Award of Funds**

- After the complete submittal has been received, it will be reviewed by City Staff.
- Applicants will be notified if their project is "Conditionally Approved" or "Denied." Applicants who are conditionally approved may see items requiring action on their part. Any requested corrections should be addressed in writing and may require the elevation drawing(s) to be resubmitted.
- Portions of work on the project utilizing these funds can only begin after receiving a Conditional Approval from the City.
- When all construction work is **COMPLETE**, submit a request for final inspection. The final submittal shall also include color photos showing the completed project and shall be taken from similar angles/locations as the original submitted photos. All receipts and invoices paid in full must also be submitted (invoices should have an itemized breakdown of work done and show the cost of each item, such as X square feet or tuckpointing \$5,000). The reimbursement form must also be submitted..
- After final review, if the completed project has met the requirements and a W-9 is completed, the City of La Crosse will release funding to the applicant.

#### **Other Program Specifics**

- Grant award amounts are based on a per primary façade basis.
- All photos, drawings and other documents shall be able to be used by the City for marketing and advertising purposes without any compensation to the Owner or other parties involved.
- The project may be rejected for not conforming to the design guidelines.
- Work that does not conform to the proposal submitted, reviewed and approved may be partially or totally rejected.
- Work done that does not comply with building codes and zoning will be rejected.
- Work on the project must commence within 6 months. Projects not completed within 12 months of the date on the conditional approval letter may have part or all of the funding denied. Requests for extensions need to be sent in writing to City staff.
- Grant award amounts, at the time of conditional approval, may be reduced due to insufficient funds being available.
