

Possible serving location 1 – locked event room

Possible serving location 2 – locked trailer or bar

Consumption is permitted in all areas of the facility however; we will discourage having food and drink on the courts.

We'd like to highlight that our facility is a recent addition to the area, and while our business hasn't officially opened, our preliminary estimate suggests a ratio of approx. \$8k in alcohol sales to \$25k in Pickleball sales per month. Our idea is to offer alcohol for events primarily, and evenings and weekends. All patrons sign a waiver to access the courts. The court area and event room are where the proposed serving areas would be located. We look forward to contributing positively to the community.

Alcohol storage in locked room
