

Dear members of the Judiciary and Administration Committee

I, Diana Berryman, own the property at 2018 15th St. S. I recently received a letter stating that I am in violation of Subparagraphs 8.07(A), 8.07(B), and 8.07(1) of the municipal code. Prior to this, I received no correspondence to inform me that registration was required on this property. Also, I received no correspondence stating that a moratorium would be put into effect. As I live nearly 3 hours away from LaCrosse and do not get the local news, I had no idea that a moratorium would be coming. Certainly, had I known that and known that registration was required on this property, I would have registered it. I am requesting a waiver so that I may register my property.

The house is occupied by a family who has been there for an extended period. They are experiencing financial hardship for which I have shown them compassion and tolerance. Moving would create severe hardship for them. They also have a dependant child at home.

I work 7 days a week because of need. Loss of income would create severe hardship for me. The house is well maintained both by myself and by the tenants. There have been no complaints from the neighbors. If you would kindly grant this waiver, I will register my property immediately. Thank you for your consideration of this matter.

Sincerely,

Diana Berryman
