City Clerk of Lacrosse,

I'm asking for a waiver on moratorium 8.07; I, where we own the residential property 123 So, 20th St. We have owned the property for 40 years, and for that length of time it has been a rental property. The houses to the north and south of us are rental properties. I thought our house was registered when I registered it with our other rental properties which are duplexes. It is now rented through May of 2015. It has been under city inspection since inspections started and was remodeled a few years ago. It would be difficult to have the tenants move out and we would have to sell the property if we can't rent it.

Thank you,
George Skemp
