

**AGREEMENT FOR SANITARY SEWAGE CONVEYANCE AND TREATMENT
BETWEEN
THE CITY OF LA CROSSE, WISCONSIN,
AND
THE CITY OF LA CRESCENT, MINNESOTA**

RECITALS

- A. Wisconsin Statutes § 66.0301 provides that Wisconsin municipalities, as defined in the statute, may contract with each other for the receipt or furnishing of services, or the joint exercise of any power or duty required or authorized by law.
- B. Wisconsin Statutes § 66.0303 provides that Wisconsin municipalities may also contract with municipalities of other states for the receipt or furnishing of services, or the joint exercise of any power or duty required or authorized by law.
- C. Minnesota Statutes § 471.59, subd. 10, provides that a governmental unit may enter into an agreement with another governmental unit to perform on behalf of that unit any service or function which the governmental unit providing the service or function is authorized to provide for itself.
- D. The City of La Crosse (“La Crosse”), a Wisconsin municipal corporation, and the City of La Crescent (“La Crescent”), a Minnesota municipal corporation, are municipalities located in or adjacent to La Crosse County, Wisconsin (hereafter referred to as “the greater La Crosse region”).
- E. La Crosse and La Crescent recognize that the advancement of the greater La Crosse region can best be accomplished through cooperation, collaboration, and coordination among the governmental bodies located in the greater La Crosse region, including La Crosse and La Crescent.
- G. La Crescent owns and operates a sanitary sewer collection system that provides sewer service within a designated area. La Crescent currently conveys its untreated sanitary sewage to the sewage system owned by La Crosse for purposes of treatment and disposal.
- H. La Crescent would like to expand the area in which it provides sanitary sewer service and would like to obtain treatment from La Crosse for this expanded service area, but to do so it must obtain La Crosse’s consent to discharge sewage from this larger service area to La Crosse.
- I. La Crosse is concerned that the provision and further expansion of sewer treatment and disposal service in La Crescent will increase development in La Crescent, increase the demand on other regional facilities and services available in and funded by La Crosse,

and exacerbate what La Crosse sees as a funding inequity with respect to the provision of regional facilities and services.

- J. La Crosse's willingness to consent to the expansion of La Crescent's sewer service area is conditioned on La Crescent's agreement to pay sewer rates determined based on the methodology set forth herein and to accept La Crosse's appropriation of excess sewer revenues to La Crosse's general fund.

AGREEMENT

In consideration of the mutual covenants and agreements set forth herein, and other good and valuable consideration, the receipt of which is acknowledged, La Crosse and La Crescent covenant and agree as follows.

- 3.2 Discharge Limits. Flow from the La Crescent Sewer System shall not exceed the discharge limits established in Exhibit 3.2.
- 3.3 Strength of Wastewater.
- 3.3.1 *Discharge Not to Exceed Domestic Strength.* The sewage discharged from the La Crescent Sewer System to the La Crosse Sewer System shall not exceed domestic strength as defined by La Crosse's Code of Ordinances for La Crosse Customers.
- 3.3.2 *Sampling.* La Crescent shall sample and analyze sewage flow from La Crescent and provide this information to La Crosse. Samples shall be analyzed for the following constituents: BOD, TSS, NH₃-N, phosphorus, and metals (Cadmium, Chromium, Copper, Lead, Manganese, Nickel, Silver, Zinc, and low level Mercury). Once composite testing is available, samples shall be taken on a flow-proportional, composite basis. Sampling shall occur two (2) times a year over five (5) consecutive days in June and five (5) consecutive days in October. La Crosse may require that fixed sample frequency be increased based on sample data. La Crosse may also require La Crescent to conduct additional sampling to determine compliance with discharge limits or for the purpose of current or future regulatory compliance. La Crosse shall also have access to the La Crescent Sewer System for sampling purposes and shall have the right to conduct its own sampling of the sewage discharged from the La Crescent Sewer System to the La Crosse Sewer System.
- 3.3.3 *Right to Require Pretreatment.* Based on sampling data from La Crescent's flow, La Crosse reserves the right to require La Crescent to install pretreatment to reduce future loadings to the La Crosse Sewer System to meet the requirements of subsection 3.3.1.
- 3.3.4 *Compliance with La Crosse Ordinances.* All wastewater from the La Crescent Sewer System entering the La Crosse Sewer System shall be subject to all provisions of La Crosse's Code of Ordinances pertaining to sewers and sewerage that are applicable to La Crosse Customers.

3.4 Prohibition on Certain Discharges.

3.4.1 *Trucked Waste.* No septic tank waste, seepage pit wastes, grease-trap wastes, or any trucked liquid wastes shall be deposited into the La Crescent Sewer System by persons engaged in the business of cleaning, pumping or hauling of the same. All trucked wastewater shall be disposed of in accordance with applicable State, Federal and local regulations.

3.4.2 *Clear Water.* La Crescent shall not permit clear water discharge from drain tile, rainwater, any surface water conduits, or any other clear water source to be connected with or discharged into the La Crescent Sewer System.

3.4.3 *Wastewater from Other Entities.* La Crescent shall not carry or transport wastewater from any property outside of the La Crescent municipal boundaries.

3.5 Requirements for Significant Industrial Users. This moratorium is not triggered by a discharge authorized by La Crosse under subsection 3.6.3.

3.6.3 *Authorization and Acceptance of Discharges in Excess of Discharge Limits.* La Crosse may authorize and accept an unauthorized discharge from La Crescent for a limited period if La Crosse reasonably believes that no serious harm or adverse effects will result. Any such discharge must be authorized by La Crosse in advance of the discharge and must be for a limited period. La Crescent may orally request such authorization,

and La Crosse's Utility Manager may grant such authorization orally. La Crosse's Utility Manager will confirm an oral authorization, including the duration of the authorization, with the La Crosse Public Works Committee. If the La Crosse Public Works Committee objects to the authorization, the Utility Manager will convey such objection, in writing, to La Crescent and La Crescent shall immediately cease the discharge.

- 3.6.4 *Payment of Costs for Exceeding Discharge Limits.* If La Crescent discharges sewage from the La Crescent Sewer System to the La Crosse Sewer System in excess of the discharge limits of this Article 3, La Crosse shall charge La Crescent for any fine, penalty or forfeiture incurred by La Crosse, and may charge La Crescent for any cost incurred by La Crosse (including without limitation, for employees, equipment or materials) as a result of such discharge. La Crosse shall provide a fully itemized invoice to La Crescent and the invoice shall be due as provided in Section 5.7. The receipt of authorization under subsection 3.6.3 does not eliminate La Crescent's obligation to make the payment required by this subsection 3.6.4.

ARTICLE 4 MEASUREMENT OF FLOW

- 4.1 Flow Measurement. The volume of flow from the La Crescent Sewer System discharging into the La Crosse Sewer System shall be measured at the La Crescent Meter.
- 4.2 La Crescent Meter. La Crescent shall furnish the La Crescent Meter, at its cost, to accurately measure the flow that the La Crescent Sewer System conveys to the La Crosse Sewer System. La Crescent shall maintain, service, repair, and replace the La Crescent Meter at its cost. In the event La Crescent fails to maintain the La Crescent Meter in good and accurate working condition or fails to have the annual calibration performed, La Crosse may maintain and calibrate such meter, and charge the expenses related to such maintenance and calibration to La Crescent, which expense La Crescent agrees to pay. If replacement of the La Crescent Meter is prudent and La Crescent fails to replace the La Crescent Meter, La Crosse may replace such meter, and charge the expense related to such meter replacement to La Crescent, which expense La

Crescent agrees to pay. La Crosse shall bill its costs for meter maintenance, calibration, and replacement to La Crescent and the bill shall be due as provided in Section 5.7.

- 4.5 Access to La Crescent Meter. La Crosse shall have access to the La Crescent Meter, upon request, for purposes of periodically inspecting the meter.
- 4.6 Reading of La Crescent Meter. La Crescent shall download meter readings at least weekly. Meter readings shall be sent to La Crosse monthly within seven (7) days after the end of the month and shall include total monthly flow, total daily flow, and daily maximum and minimum flow as measured on a time interval of 15-minutes or less. If La Crosse chooses, it may read the La Crescent Meter itself. La Crosse shall have regular access to the La Crescent Meter for purposes of reading the meter. If the La Crescent Meter does not contain equipment enabling the collection of the required data on a time interval of 15-minutes or less, such equipment shall be installed by La Crescent at its cost within twelve (12) months of the effective date of this Agreement.
- 4.7 Metering Disputes. In the event that either La Crosse or La Crescent believes that the sewage flow has been inaccurately metered resulting in over billing or under billing under Article 5, the objecting Party shall give notice to the other Party in writing of its objection. The Parties shall cooperate to determine the existence and extent of the alleged meter inaccuracy and the overbilling or underbilling. If a meter is determined to be inaccurate, an adjustment shall be made in charges for such meter inaccuracies extending back to the time when such inaccuracy began, if such time is ascertainable, and if such time is not ascertainable, then for a period extending back one-half of the time elapsed since the last date of calibration. If the Parties are unable to agree upon the adjustment to be made in charges for meter inaccuracies, the Parties shall resolve the dispute in accordance with Article 13.
- 4.8 Retention of Meter Reading Data. All meter reading raw data shall be retained by La Crescent for three (3) years. If the La Crescent Meter does not contain equipment enabling the electronic downloading and retention of meter readings, such equipment shall be installed by La Crescent at its cost within twelve (12) months of the effective date of this Agreement.

- 5.2 Wholesale Volumetric Rate Beginning in 2022. The Wholesale Volumetric Rate for 2022 will be established based on a rate study that determines the revenue requirement for the La Crosse Sewer Utility using the utility-basis approach. Under the utility-basis approach, the revenue requirement for the La Crosse Sewer Utility shall include

operation and maintenance expenses, depreciation expense and a return on rate base. La Crosse shall not include in its revenue requirement a rate of return for contracted wholesale customers that is higher than the greater of (i) the benchmark rate of return established by the Public Service Commission of Wisconsin for municipal water utilities; or (ii) the rate of return charged to La Crosse Customers for the La Crosse WWTP. La Crosse also agrees that it shall not include in its revenue requirement a rate of return for contracted wholesale customers that is more than 2% higher than the rate of return charged to La Crosse Customers for the La Crosse WWTP. La Crosse may charge La Crosse Customers a different rate of return on the La Crosse collection system than it charges on the La Crosse WWTP. The Wholesale Volumetric Rate established under this Section will remain in effect until changed in accordance with Section 5.3 or 5.4.

- 5.3 Rate Changes. La Crosse may revise the Wholesale Volumetric Rate established for La Crescent under Section 5.2 only after preparing a new rate study that follows the methodology described in Section 5.2. This Section does not apply to cost of living rate adjustments covered by Section 5.4.
- 5.4 Cost of Living Adjustments. Cost of living rate adjustments may be made without completing a new rate study if the same percentage increase is applied to both the volumetric rate charged to La Crosse Customers and the Wholesale Volumetric Rate. Cost of living increases, if made, shall not be greater than the nearest whole percent above the increase in the Consumer Price Index (CPI), All Urban Consumers, U.S. city average. The CPI shall be based on the increase over the period from June to June, with the rate increase being effective January 1 of the year following the June to June period.
- 5.5 Sewer Charges. La Crosse's sewer charges to La Crescent shall equal:
- a. the flow measured by the La Crescent Meter;
 - b. multiplied by the Wholesale Volumetric Rate;
 - c. with the invoice for January service adjusted as provided in Section 8.1, if applicable.
- 5.6 Billing. La Crosse will bill La Crescent quarterly on or about the tenth (10th) day of the month following the end of the quarter for the cost of sewage handling and treatment. La Crosse may elect to bill La Crescent monthly after providing La Crescent with one (1) year's written notice of its intent to change to monthly billing.
- 5.7 Due Date. Invoices shall be due and payable within forty-five (45) days of the date of the invoice. If an invoice is not fully paid within forty-five (45) days, the unpaid balance shall be subject to interest at the rate of one and one-half percent (1.5%) per month.

- 6.2 La Crosse Approval of Plans. All plans for sewer main extensions, new lift stations or new forcemains within La Crescent, and any major sewer, forcemain, or lift station replacement or renovation within La Crescent must be submitted to the La Crosse Sewer Utility and the La Crosse City Engineer, and be approved by the La Crosse City Engineer. The La Crosse Sewer Utility shall promptly notify La Crescent in writing of the La Crosse City Engineer's approval or disapproval and the reason for any disapproval. Any disapproval must be based upon a reasonable determination of the lack of sufficient contracted capacity for flow, load, or strength, the lack of sufficient downstream capacity in La Crosse's collection system, or other substantial engineering consideration related to La Crescent's proposed construction or extension.
- 6.3 Plumbing. All plumbing on or connecting to the La Crescent Sewer System shall be installed in compliance with the Minnesota State Plumbing Code. La Crescent shall have a qualified building official who shall inspect all connections to the mains, keep records of all connections by measurements from manholes and inspect all inside plumbing. - 6.6 Enforcement. If La Crosse determines from any such inspection or survey under Section 6.5 that any wastewater entering the La Crescent Sewer System is in apparent violation of La Crosse's Code of Ordinances, the user and La Crescent shall be notified in writing of such condition and be requested to cease and desist within a period of forty-five (45) days after receipt of such notice, except where the discharge, as determined by the La

Crosse Public Works Committee or their designated representative, poses an immediate threat to the La Crosse Sewer System, in which case the user and La Crescent shall be requested to immediately halt the discharge causing or contributing to the immediate threat. If there is a failure on the part of the user and/or La Crescent to take corrective action within said forty-five (45) days or shorter period, La Crosse shall have the right to take any and all lawful measures, including court action for equitable or injunctive relief, forfeitures under La Crosse's Code of Ordinances, and termination of service or the right to use the La Crosse Sewer System.

Such Sewer Connection Fee shall be no greater than the fee charged to similarly situated La Crosse Customers.

6.7.2 *Connection Fee Charge Per REC.* Sewer connection fees shall be determined on a per REC basis. Each single-family residential property is one REC. All other uses shall be assigned RECs based upon estimated usage compared to that of an average residential user. For each new non-single-family residential connection, La Crescent shall prepare and submit a usage estimate for review and approval by La Crosse.

6.7.3 *Amount of Connection Fee Per REC.* The sewer connection fee per REC to be paid by La Crescent shall be the same as the sewer connection fee per REC to be paid by La Crosse residents. The amount of the sewer connection fee per REC shall be established as provided in the La Crosse Sewer Connection Fee Ordinance.

6.7.4 *Notification of Connections and Payment of Fees.* La Crescent shall provide La Crosse a copy of every permit issued by La Crescent for each sewer connection from new properties or areas connecting to the La Crescent Sewer System. Within ten (10) days after each connection is completed, La Crescent shall provide La Crosse with a copy of the inspection report of the connection along with payment of the applicable sewer connection fee for the property.

6.7.5 *Failure to Timely Pay Connection Fee.* If a sewer connection fee is not timely paid as required by subsection 6.7.4, the unpaid sewer connection fee shall be subject to interest at the rate of one and one-half percent (1.5%) per month.

ARTICLE 7

MAINTENANCE OF LA CRESCENT SEWER SYSTEM

7.1 Maintenance of La Crescent Sewer System. La Crescent shall pay all costs associated with maintaining, operating, and replacing the La Crescent Sewer System. The costs shall be included in La Crescent's sewer utility budget and reflected in the La Crescent

sewer rates. There shall be no cost to La Crosse for replacement of La Crescent Sewer System facilities.

- 7.2 Infiltration and Inflow. La Crescent shall, at its expense, reduce excessive infiltration and inflow into the La Crescent Sewer System. For purposes of this Agreement, excessive infiltration and inflow means the quantities of infiltration and inflow which can be economically eliminated from a sewerage system by rehabilitation, as determined in a cost effectiveness analysis that compares the costs of correcting the infiltration and inflow conditions to the total cost for transportation and treatment of the infiltration and inflow. La Crosse may conduct the analysis to determine whether infiltration and inflow into the La Crescent Sewer System is excessive. If La Crosse finds that infiltration and inflow is excessive, La Crescent shall reimburse La Crosse for the cost of the analysis.

ARTICLE 8 BARRON ISLAND FORCE MAIN

- 8.1 Maintenance of Barron Island Force Main. La Crosse shall maintain and repair the Barron Island Force Main, with La Crescent paying eighty-five percent (85%) of the full maintenance and repair cost, and La Crosse paying fifteen percent (15%) of the full maintenance and repair cost. La Crescent's portion of the cost of maintaining and repairing the Barron Island Force Main shall be calculated annually and added to La Crosse's invoice to La Crescent for January treatment service.
- 8.2 Replacement of Barron Island Force Main. The Parties agree that in the event the Barron Island Force Main fails and must be replaced, the Parties will share in the full cost of replacement. The Parties agree to divide replacement costs between the Parties in proportion to each Party's anticipated flow volume in the Barron Island Force Main. Failure of the Barron Island Force Main is defined as any condition or situation that renders the Barron Island Force Main completely unusable.
- 8.3 Supplemental Force Main. When it is the reasonable opinion of La Crosse that the Barron Island Force Main volume will be exceeded, then La Crescent shall construct and maintain a supplemental force main at its sole cost and expense.

ARTICLE 9 RECIPROCAL OBLIGATIONS

- 9.1 Access to Records.
- 9.1.1 *La Crosse Utility Records*. La Crosse shall provide La Crescent access to all La Crosse records on sanitary sewer flow, sewer utility income and expenses, sewer utility reserve funds, and other financial records relative to the La Crosse Sewer Utility's operations,

Additionally, each Party agrees to indemnify and hold harmless a Receiving Party, its elected and appointed officials, officers, employees, and authorized representatives, for any liability, including without limitation, attorney fees, related to or in any way arising from the indemnifying Party's actions or omissions which contribute to the Receiving Party's inability to comply with the Public Records Law. This provision shall survive the termination of this Agreement.
- 9.3 Insurance. La Crosse and La Crescent shall each maintain insurance policies or maintain self-insurance programs of the kinds and in the amounts which are customarily carried or maintained by local governments operating wastewater collection and treatment systems. Each Party shall provide the other with proof of such insurance coverage upon request.
- 9.4 Notification of Certain Discharges. Each Party shall be solely responsible for notifying applicable state governmental agencies of a discharge to or from its wastewater system in violation of federal or state law, or its wastewater discharge permit. If a Party provides a state governmental agency with notice under this Section, it shall notify the other Party of the notice and provide details of the discharge covered by the notice.

If the La Crosse County Circuit Court is to select the Mediator, the Parties agree that the Mediator selected shall be a Wisconsin professional with a minimum of ten (10) years of experience in the subject matter of the dispute or controversy, and that the selected Mediator need not be an attorney.

In consultation with the Parties, the Mediator will select or devise the mediation procedure to be held in La Crosse County, Wisconsin, by which the Parties will attempt to resolve the dispute or controversy. In consultation with the Parties, the Mediator will also select a date and time for the mediation and a date by which the mediation will be completed.
