Dear Council Member Newberry,

I live in your district, and I'm writing to urge you to vote in favor of resolution 25-1053, the State/Municipal Agreement to improve the existing 2nd Street cycle track. I ride my bike around the city of La Crosse regularly, to get from my home to appointments, shopping and meetings for my healthcare. This is a part of my daily life, and getting around safely is very important to me. We have some good bike lanes in the city, but we also have many dangerous roads. This project on 2nd Street would bring the first protected bike lanes to this city. I haven't owned a vehicle for some years now, I rely heavily on bicycling to get around in addition to other non car transports around town. I would like to see more protected bike lanes in La Crosse, as one step to increase the safety for myself and for people like me who walk or bike as part of their daily lives. Please vote in favor of this resolution.

Thank you,

Antonette Travline
