Southside Senior Center, 1220 Denton St, La Crosse, WI 54601

September 16, 2015

Mr. Robert Haines, City of La Crosse, 400 La Crosse St, La Crosse, WI  
54601

Dear Bob:

Because winter is just around the corner, our Board members at the Denton Street Senior Center are asking for the city's help in keeping the center sidewalk clear of snow this winter.

It would be helpful if the city would plow the approximate 40-foot sidewalk in front of the building at the same time they are plowing the street (there is no curb here but a ramp which served the former fire station). We hope that the paved area behind the building could be cleared as well - as a matter of safety for occupants, should emergency evacuation be necessary. A storm drain in the alley always needs to be kept open or we get a dangerous buildup of ice at the front door. Perhaps city crews could kindly attend to this when they are clearing out other drains.

We understand that city crews maintain the Harry J Olson Center in a similar manner.

Thank you for your consideration.

Sincerely,

*Stuart Sletten*
