MEMORANDUM

To: Board of Public Works
From: Bernard Lenz – Utility Manager
Date: 01-07-2019
Subject: Transfer of 2310 Green Bay St to Fire Department

Well 12 has been properly abandoned and all water supply piping and equipment removed from the old well house. The Water Utility has no need for this parcel or this structure, now or in the future.

The parcel is surrounded on 2 sides by the Fire Station lot. The Fire Department agrees to take responsibility for this parcel.

The old well house building is in good shape and can be reused, or the Utility could be asked to pay to have it torn down.

The board is being asked to approve the transfer of responsibility between departments and decide on what should be done with the old well house structure itself.

Thank You
