Mission Statement

Mission Statement

"The City of La Crosse Parks, Recreation, & Forestry Department's mission is to enrich our community through stewardship of the environment and through provision of quality recreation, facilities and fun."

Introduction

The maintenance and improvement plan is the Parks, Recreation, and Forestry Departments commitment to the City of La Crosse to provide safe and beautiful recreational areas to its residents and visitors. This allows for the department to appropriately address and budget for all labor tasks and improvement projects. The timeframe will be subjected to an amending process every two years to meet the growing changes and demands of the park system.

The plan calls for the park system to undergo an inventory analysis of all its parks. The inventory analysis is a comprehensive evaluation of the park's amenities. The evaluation identifies the current physical condition of each amenity and determine a life expectancy. The life expectancies are used to categorize improvement projects into high priority, medium priority, and low priority. The plan generally defines high priority as one to five years, medium priority as five to ten years, and low priority as ten to fifteen years, and amenities in excellent condition as fifteen to twenty and twenty + years. The priority rankings make up our ten-year timeframe for the maintenance/improvement plan.

The purpose of the maintenance and improvement plan is to allow the department to project future costs and adequately pursue funding through the City's operating and capital budget systems as well as alternative sources such as local foundations and grants. The diversification of sources will allow the department to meet its funding needs and the overall goals of the plan.

Goals & Objectives

Goal 1 - Provide a safe and fun atmosphere within the park system.

Objectives

1. Provide more training opportunities to the park's maintenance department.
2. Increase the frequency of routine maintenance checks of parks.
3. Continue to amend the maintenance plan every 2 years or as changes/updates occur.

Goal 2 - Provide adequate and steady funding for all projects.

Objectives

1. Establish funding for park maintenance and modest improvements that meet the needs of the community.
2. Create a timeline for all future maintenance projects with an estimated cost and funding plan.
3. Diversify funding through local community foundations, state and federal grants, neighborhood associations, private businesses, and donations.
4. Strive to use sustainable technology to reduce future operational costs.

Goal 3 - Build partnerships throughout the community.

Objectives

1. Continue to recruit volunteers to help maintain cleanliness in the parks and recognize them for their contributions.
2. Continue to enrich and strengthen relationships with local schools, universities, associations, organizations, and businesses to maintain a healthy park system.
3. Enhance access to information and increase communication with the public on routine maintenance tasks.

Goal 4 - Strive to use sustainable practices.

Objectives

1. Proactively incorporate green strategies in all projects.
2. Continually manage, preserve, and protect natural resource areas.
3. Aspire to become a sustainable leader within the state.

2025 Feature Projects

- Riverside Park Bandshell – roof and support beam repairs
- Riverside Park Irrigation – Full park replacement
- North Riverside Park Sidewalk – completion of sidewalk surrounding park
- Coulee Park – New playground installation
- Pettibone Park – Kayak rental roof and facade repairs
- Erickson Pool – Pump system, pool surfacing, surface gutters, showers, door awning
- Copeland Park – Sign replacement
- Riverside Park – Sign replacement
- Riverside Park – LED light replacement
- Pettibone Park – road gates
- Copeland Park – Landscape improvements
- Hixon Forest/Trails - Aspen Bridge Replacement
- Myrick Park – Arboretum signage and tree tag updates
- Trane Park – Embankment repairs
- Eagle Watch – Shade structure replacement
- Forest Hills Tennis Courts - resurfacing
- Weigent Park – Flooring resurfacing
- Forest Hills – Pavillion addition
- Grandad Park – North plaza repair
- Pumpkin Patch Park – playground border repair
- Forest Hills – Tennis building roof repairs
- Springbrook Park – addition of community orchard
- Pettibone Park – Waterline replacement
- Myrick Park – Cottonwood trail remediation and repairs
- Glendale Playground – surfacing upgrades (sand to chips)
- Upper Hixon Pump Track – Repairs and regrading
- Goose Green – Lighting upgrades
- Powell Park – Basketball Hoop replacement
- Misc. trash and bench replacements throughout park system
- Carroll Park – Irrigation repairs
- South Library Park – Surface & Pathway repairs

Maintenance Projects - High Priorities

Park	Amenity	Life Expectancy	Funding Source
