Hello Jennifer,

I am sending this email in support of rezoning the property at 2575 7th St (Riverside Nursing Home). Rezoning this property to build a 4 story building will allow residents of the facility to have private rooms which will improve their stays whether short term or long term. More private rooms will improving rehabbing goals for short term residents who have the goal of returning home and improve home feeling for long term residents. Consider having to place a loved one in a nursing home, it is more desired to have them be able to have complete privacy over having to share a room with another person for whatever period time it would be.

I sincerely hope you will consider allowing this for Riverside to improve quality of life for those that reside there.

Sincerely,
Bailey Mann
