

**SECOND RENEWAL ADDENDUM
PHARMACY BENEFIT MANAGEMENT SERVICES AGREEMENT**

This Second Renewal Addendum to Pharmacy Benefit Management Services Agreement is effective as of January 1, 2015 between Navitus Health Solutions, LLC ("Navitus"), and the City of La Crosse ("Client").

WHEREAS, Navitus and Client have executed a Pharmacy Benefit Management Services Agreement dated January 1, 2009 and a Pharmacy Management Services Addendum, dated January 1, 2012 (collectively, the "Agreement");

WHEREAS, Navitus and Client desire to amend the Agreement as set forth below;

NOW THEREFORE, Navitus and Client agree as follows:

1. Amendments to the Agreement.

1.1. **Section 4.04. Guaranteed Rebates.** Section 4.04 of the Agreement is hereby amended and restated as follows:

"PBM will provide the rebate guarantees below, placing up to twenty-five percent (25%) of the administrative fees at risk. Navitus guarantees that Client will receive the Rebates listed below, on average, per brand Covered Product Claim paid by Navitus with regard to Eligible Persons' utilization of brand Covered Products.

**\$20.00/per Brand Retail Rx
\$60.00/per Brand Mail Rx**

Rebate guarantees are based on primary claims and use of the Navitus Traditional Formulary with either a 3-Tier or 4-Tier design with a minimum copay differential of \$15 between preferred brands and non-preferred brands. Excludes any claims for which Navitus is unable to submit and collect rebates (e.g., 340B, Long Term Care facilities, FSS pharmacies, GPO pricing), including any claims that may qualify for rebates under any government program (e.g., Managed Medicaid rebate discounts). Per brand guarantees do not include non-rebated brands with generic equivalents or non-legend drugs, designated as over-the-counter (OTC) excluding diabetic test strips and supplies. In the event a member pays greater than 50% of the cost of the claim, the plan may not be eligible for that claim's rebates. In order to qualify for stated guarantees, client must realize and maintain a minimum prescription volume (i.e. utilization) of 100 qualifying brand claims in the respective, stated channel (e.g. mail, retail-90) per quarter.

Final accounting and payment of all penalties related to rebate guarantees will be made after final agreement of the parties on the amounts due following Navitus delivery of a final report of Rebate performance 180 days after the end of each calendar year. Notwithstanding the foregoing, the maximum amount of all penalties payable by Navitus will not exceed 25% of the administration fees in any reporting period."

1.2. **Article VI, Term of Agreement.** Article VI of the Agreement is hereby deleted in its entirety and replaced with the following:

"This Agreement is effective as of the Effective Date and shall continue in full force and effect until December 31, 2014 (the "Initial Term"). After the expiration of the Initial Term, this Agreement will continue until December 31, 2017 (the "First Renewal Term"). After the expiration of the First Renewal Term, this Agreement will continue thereafter from year to year (each such year, a "Renewal Term") unless sooner terminated as described below."

1.3. **Exhibit 1. Administrative Fee Schedule.** Exhibit 1 of the Agreement is hereby amended and restated as set forth in Exhibit 1a, attached hereto.

1.4. **Exhibit 2. Prescription Pricing Schedule.** Exhibit 2 of the Agreement is hereby amended and restated as set forth in Exhibit 2a, attached hereto.

2. **Other Terms.** All other terms of the Agreement, which have not been expressly modified by this addendum, will remain in full force and effect.

IN WITNESS WHEREOF, Navitus and Client have caused this addendum to be signed by duly authorized representatives below.

Exhibit 2a
PRESCRIPTION PRICING SCHEDULE

General. Client acknowledges that the discount rates and dispensing fees set forth below are target discounts established for the pricing distribution channels necessary to meet access requirements. Client acknowledges that 100% of the pricing will be passed through to Client from the participating pharmacies. Navitus agrees to negotiate to achieve or exceed these target rates. Any discounts obtained by Navitus that exceed the targets stated below will be passed through to Client. It is acknowledged by both parties that individual contracts may vary from the targeted rate based upon negotiation.

Navitus reserves the right to modify pricing for certain exclusive generics based on the demands of the marketplace and in the best interests of the Client.

A. Thirty Days at Retail Drug Program. The Broad National Network will be implemented for Client. Reimbursement for each branded Covered Product, not requiring compounding, dispensed by a Participating Pharmacy will be based upon the lower of (1) AWP, less an average of 14.5%, plus an average dispensing fee of \$1.50; (2) such pharmacy's Usual and Customary Price; or (3) the amount submitted by the pharmacy. D. AWP / WAC-Based Pricing. Navitus is changing its pricing methodology from AWP-based pricing to WAC-based pricing. Many pharmacies have already executed agreements with Navitus to change reimbursement calculations from AWP to WAC, with some pharmacies requesting that Navitus continue using reimbursement rates based on AWP for non-MAC (maximum allowable cost) generic drugs until a later date. Navitus reserves the right to use (1) AWP-based pricing that is economically equivalent in aggregate to the WAC-based pricing listed in this Exhibit and (2) WAC-
