April 4, 2022

Residents of Coulee Drive,

A request was received to consider options for on-street parking along Coulee Drive between Hoeschler Drive and Sisson Drive. The street is currently unsigned on both sides of the street. The issue has been raised on availability of parking with Central High School student parking.

This matter will be discussed at the **Board of Public Works** meeting on **Monday, May 2, 2022 at 10:00 A.M.** The proposed parking change would be to create 2-Hour parking zones on both sides of the street.

Your input is valuable, as the daily users of this street, to update conditions to current practical and feasible use. Please feel free to attend the meeting to discuss this issue, if you wish. The following link will be available for comment on the day of the meeting. <https://call.lifesizecloud.com/4912386> If you cannot, or do not care to, attend, you may submit comments or concerns in writing to the Engineering Department. All comments and options will be considered.

Sincerely,

Stephanie J. Sward, P.E.
Civil Engineer IV, Acting Traffic Engineer

Cc: Council Member Rebecca Schwarz
