## MEMO

**Date:** 4-3-15

**To:** PUB

**From:** ADPW Haines

**RE:** water repelling paint

Per your request I have gathered the following info on a water repelling paint product for possible use at the parking ramps.

“Ultra-Ever Dry” by Ultra Tech International Inc. @ Jacksonville, FL 800-764-9566

local distributor = Fastenal

no color selections, only “hazy translucent white” color

OK to apply to concrete, not considered a hazardous material

2 coats needed, 1 gallon covers @ 250 SF, must reapply surface coat annually if outdoors

OK with some bleach solutions, soaps & detergents must be removed to restore repelling ability

no current users locally

5 gal base coat + 5-gal top coat = \$2050 NOT RECOMMENDED

**STAFF RECOMMENDATION:** Use other concrete sealants (Silane @ \$40/gallon) to sealcoat problem areas so fluids don’t soak into concrete & are therefore easier to clean & reduce odors.
