Dear City Council Member,

I am writing once again regarding the rezoning of the REACH Center at 212 S. 11th Street. As a neighbor, a family physician caring for the underserved, and a former physician at Mayo Clinic Health System, I fully support the change in zoning that is necessary to allow combined Dental-Medical and Behavioral Health services to be provided by Scenic Bluffs Community Health Center.

My fellow citizens of La Crosse need this site to open. Lack of availability of services turns simple, treatable problems into lifelong troubles or problems needing emergency room care. La Crosse is fortunate to have a provider willing to provide these services to anyone who needs them in our community.

Having previously provided care at this location when it was used by Mayo Clinic, I feel certain that the proposed use of this site would not increase traffic in the neighborhood any greater than during its previous use. Please vote to support the change in zoning necessary for this clinic to provide desperately needed care for your constituents.

Sincerely,

Laurie Logan
